FirmaHold® Nail Gun Compatibility

Find your nail gun below to check which FirmaHold nails and fuel cell to use. Product codes ending in **G** include fuel cells; codes without the G are nails only, ideal for battery nailers.

First Fix – Clipped Head Nails (34° paper collated, 50–90mm)

Nail gun	Power	FirmaHold nails	Fuel cell
Paslode IM350 / IM350+	Gas	✓ Clipped head	CFC

Makita DBN500	Battery	✓ 18g Straight	Not required
Ryobi R18N18G	Battery	✓ 18g Straight	Not required

Fuel Cells

Fuel cell	Size	Use in
BFC Finishing Nailer Fuel Cell	30ml (pack of 2)	Gas finishing (second fix) nailers
CFC Framing Nailer Fuel Cell	80ml (pack of 2)	Gas framing (first fix) nailers

FirmaHold clipped head nails are not suitable for round head nailers (e.g. Paslode IM360Ci) or 21° plastic and 28° wire collated nailers.

Check your nail gun's length range before use, as minimum and maximum lengths vary by model.

Use appropriate personal protective equipment.
